EXECUTIVE PROFILE

Research analyst and field investigator with a technical foundation in **web development** (100+ B2B projects), **metadata analysis**, and **AI-assisted pattern recognition** (180h certified, SEPE). Completed **328h in Digital Transformation & Industry 4.0** (EOI — Spanish Ministry of Industry), covering **agile project management**, **digital business development** and **Industry 4.0 systems**. Seven years of **operational and personnel management** under industrial pressure in multicultural environments. Documented strengths in **structured observation**, **incident reporting**, and **physical security infrastructure**. Native-level Spanish and **functional multilingualism** (5 languages) provide direct operational value for **cross-border investigations** and **international client liaison** across European, Latin American and North African contexts.

OPERATIONAL CAPABILITIES — SKILLS INTELLIGENCE DASHBOARD

LANGUAGES

Spanish (Native/C2) · **English** (C1 — fluent) · **Dutch** (B1 — daily immersion, Gelderland) · **Moroccan Arabic** (passive comprehension — cultural heritage, North African contextual intelligence) · **German** (basic)
